## **Disclaimer:**

At OCEC our number one goal is the health and wellness of every patient. We will take great care and put focus on the needs of your horse. However, things do happen. If your horse experiences any sickness, injury, or lameness while in the hospital, OCEC will treat as necessary. You will be notified ASAP if any of these situations occur. If we are unable to reach you or your emergency contact, then OCEC will do what is in the best interest of the horse. Any cost from such instances will be billed to the client.
